

1995 - 3rd grade: My Most Precious Possession

My most precious possession is a pueblan milk snake. Its name is Serpy. It came from a pet store. It lives in a cage in the living room. It has a water bowl and a hide box. It is about a year old. I like seeing it pounce on its food. It feels good to hold it. It is fun to play with my snake. I watch my snake slither around its cage. It is beautiful.

It's my funnest thing to play with. I play with it every time I can. It only bit my mom once.
